#### PRESIDENT SUNS ELDER BROTHER.

A personality who has had not a little to do with the present uphenval in China is at present staying in Macao in the person of Mr Sun Ah.Mi, the elder brother of President Sun Yat Sen. He has had wonderfully varied career. Fifty-eight trick of Kwangtung, being situate some twelve miles north of Macao.

At the age of 18 years he went to Honolulu to engage in farming pursuits, but after seven years he turned his attentions to commercial affairs. In a few years he made a fortune of several lace of dollars brother's efforts on behalf, of the reform movement he greatly encouraged him in his propagands, handing over practically all his wealth for its promotion. Soon after, he found that he was without any money, so he returned to China and collected around him a considerable body of followers and tried to stir up revolution at Chun Nam Kwan in Yunnan Province. The movement, however, failed, all the ammunition of the party being seized. Then he retired to Old Kowloon, having in the meantime sold up all his properties in his native village. Soon after, he was accused of being the head of the Triad Society, and was ordered by the Hongkong Government to leave the Colony, which he 'did, making for the Straits. Here he fell in with Wong Hing. one of the leaders in the present Revolution, and Wo Hon Man, who was the first provisional Vicercy appointed to Canton recently. These three schemed together and made another effort toad vauce the movemen in Yunnan and at Canton, but this also failed. A shrewd, unassuming little man Sun Mi is regarded by his countrymen a horoughly homourable in his doings and i is his boast that he has never made a pre mise that he has not fulfilled.... He mentioned an a likely l'refect of Canton in the near future.

#### PRIZE DISTRIBUTION AT OUTEN'S COLLEGE.

Bir T. K. Dealy, headmaster, read the report as follows :- The College was open 201 days during the Year anded December 31 1911, as against 226 in the proceeding year. The number of scholars in attenda ance during this period was 1009, and the average dally attendance 667; the corresponding figures for 1910 were smaller-1058 and 642 respectively. Had it not been for the unsettled condition of the neighbouring province, the numbers this year would have been greater still.

The total gross expenditure amounts to 282,924.73, or \$8201.66 in excess of that of 1910. This is owing to salary increments that have fallen due; to the completion of our dual desks; to the engagement of an additional junior master and of five visiting vernacular masters, as well as to the fact that the senior master who was added to our staff in December 1910, has bee on our pay sheets this year for the whole 12 months, as against one month in 1910. Since the 17th of Docember, when the last of our mustors on leave returned to duty, the entire staff. European and Chinese, has been present, an even which can happen dut rarely,

The revenue-fees and efund of splarie -shows an increase of \$929.57 over that of 1910 duests our slightly increased numbers The nett cost to the Government of th establishment is \$43,007.90, which works out at \$63.0" per capita on the average daily attendance, and at \$38.52 on th total number on the rell. It must not however, be forgetten that during the year, we have had on our books for varying periods, no fewer than 58 free scholars and 14 student interpreters from the R. G. O. none of whom pay fees. A tabl shows that these boys, if paying fees would have swollen our income by \$2060 with a corresponding and consequent reduction in the average expense of each

The percentagon of revenue to expenditure, again not crediting accounts with fees remitted to scholars and R. G. O. studen's, is \$49.27.

During the year under notice, 14 of our boys, left to take service under the Horgkong Government, 17 west into the Chineso Government service, 26 obtained situations in Hongkong, and 45 went abroad, going as far afield as to the United S ates, Vascouver, Honolyluni d elsowhere. We endeavour to trice the career of our students when they leave us, but quite a number slip from us at Tking, Ming, Midsummer and China New-Year, without oither giving any reason or letting us know of D.cember, we had no fewer than 64 boys on leave, while 603 were actually The clinges in the staff during the year

were as follows :- The Rev. H. R. Well appointed translation master; Bir Ng. Ka-pui, 6th Grade P.T., resigned ; Kam-theung, appointed 6th grade P.T., Loung Kwong-kiin, 4th Grade asst: master, resigned; Hung Yuk-song, 4th Grado us-, ma ter, transferred from Saiyingpun School; Ron Shun Shun-kir, 6th Grade Asst. Master, transferred to Wantsai Government School; Wong Yuk-lam, 6th. Grade P.T., appointed 5th Grade assistant master; Ng In, 2nd Grade Asst. Master; I'se Ching-fong, 3rd Grade asst. master, appointed 2nd Grade as-t. master; Kong Ki-fai, 3rd Grade assistant master, Ap. pointed 2nd Grade as-t, master; Lau Tsoi, 4th Grade usst. master, appointed 3rd Grade assi-tent master; Cheung Hok-chau, 4th Gra e as t. master, appointed 3rd Grade assistant marter: Tsang Kun-sham, 5th Gradensat, master, appointed 4th Grade sus master; Li Lim-kwai 5th Gr de Asst. mast r, appointed 5th Grade asst. master Mr Ling Yau-taik, Cheun : Tiu-u, Tanu Churchan, Chung Ngok-cheung Chung In tin, appointed visiting vernacular master ; R. J. Birbeck, sen asst. master went on leave ; G. P. de Martin, sen. asst ma-ter returned from leave; Li Sik-kwan, appoint d'6th Grade P. T.; T. K. Dealy, he ... lmaster; returned from leave; A.R. Cavilier, appointed probational jun. asst. master; lo Kam-cheung, 6th Grade P. T. est, ned; Ho Sik-cheung, appointed 6th Grade P. T.; R. J. Birbeck, sen. asst. muster returned from leave.

corned, from Midsummer to Midsummer. For the first time in the history of the College, the midsummer examination concluded in August last, constituted the annual examination for class promotions and for the awarding of scholarships and prizes. The examination was much more searching than im previous years. Under the i-ld system, a boy was promoted who ob ained not less than 34 per cent. of the ggregate number of marks for all subjects infired. At the examination referred to it was necessary, in order to be entitled to premotion, to obtain at least 40 per cent. of the aggregate number of marks, and in addition, at least 40 per cent, in each of the following special subjects,-English composition, English conversation, dictation, and arithmetic. Where, however, a boy failed in only one of the special sub jects, and got not less than 50 per cent. of the grand total of marks, his claim for promotion was specially considered ; ful. in no cuso was promotion granted to a buy who failed to pass in E glish composition. This incressed soverity is intended to secure, as far as possible, uniformity of attainment in each class; it is impossible to do really good work in a class, where there is very great disparity in attainment between boys at the top and those at the bottom of a class. As was anticipated, the percentage of

thousand times this number of Physicians endors

## SANATOGEN

TheRoyal Tonic-Food.

Over twelve thousand practiting physicians have recorded in writing their high opinion of Sanatogen, and many thousands more are daily. prescribing it with the most beneficial results in cases of nervous debility, brain fag, lack of vitality, sleeplessness, disordered digestion, poverty of blood; and various wasting diseases.

Can you ask for more convincing testimony of Sanatogen's value than the fact that it is thus publicly endorsed and recommended by practically the whole medical profession?

When you are constantly weary in mind and body: when your brain is overworked: when your nerves are jaded that is when you need Sanatogen to rebuild and revitalise you.

Among the original letters in praise of Sanatogen which are filed, for public inspection, there are many from world-famous physicians, whose names stand for the highest scientific achievements. Their advice, and the example of distingui-hed men like those mentioned here, it is safe for you to follow.

#### "A Great Invigorator of Life."

Never are Sanatozen's effects more wonderfully shown than in cases of convalescence afta: Malaria, Dysentery, Enteric Fever and oth rexhausting tropical diseases. A strileing case in point is that of Mr. Thomas Lyan, c'o Presidency Postmaster, G.P.O., Calcutta, who writes:-

"I had been a martyr to Malaria for four years, becoming weaker and weaker, with the naturally run-down condition and brain fig, nervousness and Dyspepsia. Sanatogen, yeas strongly recommended by a friend, and I am delighted to say that only two bottles have, made an extraordinary difference for the better-nny, for the best. I shall always highly recommend Sanatogen everywhere

#### Sanatogen will give You New Life.

If you are a sufferer from poor nerves, low vitality or a weak digestion, it is simply a duty you owe to yourself and your family to begin the use of Sanatogen. Buy the first bottle to-day; you can get it in Hong Kong of Messrs A. S. Watson & Co.; Messrs. The Sincere Co., Ltd., 215/21, Vosveux Road, and at any chemists. It is a fine, white powder which can be pleasantly taken in any non-acid beverage. And you may take it with the absolute as urance that, it will give you a new lease of health, new strength and vitality, stronger nerves, and better digestion.

passes compares unfavourably with those shown in our previous annual examinations. The percentage of passes for the whole school was 97 at the January examination, and 80 at the August examination.

Turning to the different subjects examinel, I find that throughout the College "fo there were comparatively few failures reading, and in the upper school, few in English conversation. Physical geography was weak in 1B and very weak indeed in classes 3B. C. D.; hygiens was weak in 2C and 4C, geometry in 3B and 36 mensuration and arithmetic in 1D, book-keeping in 1B and 1D and in class 2, and Shakespeare in 1B. With these exceptions, the work generally was very creditable, especially when it is femembered that the preceeding annual examination was held only aix months previously. English composition, which I regard as one of the most important subjects in our curriculum, and one to which we have devoted much attention, is distinctly improving. In many classes surprisingly good papers were submitted, shewing not only originality of ideas, but As was announced in the annual report | the ability to express those ideas in good press ted in January 1911, the school year and correct English. Greater attention now extends, so far as curriculum is con- has been given to Chinese studies; and in June, five additional vernacular masters were appointed, in order to enable upper school boys to continue their studies, instead of laying them aside as heretofore. on being promoted to the upper school. Upper school boys were not examined in Chinese at the examination just held, at they had had only a very short time for

In the vernacular section of the remove and lower school, 267 boys were examined (Continued on page 3.)

and 200, or 75 per cent. passed. Of these 200, 34 were distinguished and 26 were classed as excellent. THEATRE At the Oxford Local examination, held in July, we obtained 45 certificator, the

The successes this year were, senior 12,

juniors 7, preliminaries 26. Of the 12 Seniors, 8 obtained the title of Associate

in Arts, the remaining 4 already hold that

distinction. In addition, 3 seniors were awarded distinction in Chinase. It is

worthy of note that the only successes in

hygiene obtained by Hongkong boys at the last Oxford examination in the senior and

preliminary divisions fell to Queen's

Of other examinations held during the

first half of 1911, I may mention that in

July, examinations were simultaneously held in Hongkong, Shanghai, and Hankow

for the selection of engineer students for

the Tong-Shan Railway and Engineering College. Competition for these positions is invariably keen. There were 230 candidates in all, of whom 33 were chosen. Of

an examination was held for the selection

of 5 engineer students for the Peking and

more; of these 20, 10 were selected from

Queen's College, and the remainder from

various porta in China. Owing, however,

of been sent for.

to political disturbances, the boys have not

It must be remembered also, when con-

sidering our Oxford Local results, that none

of the boys who were successful in the

examinations for the Tong-Shan Col-

lego or for the Peking and Mukden

Railway College, and in fact none of those

good work is being done by these youthful

teachers, and that they are profiting by the excellent instruction in the art of

teaching imparted to them in the course

Throughout the year discipline in school

has been well maintained in spite of the

unwonted excitement caused by momentous

changes taking place in the near neighbour-

hood. There is nevertheless, very much

to be regretted in the attitude of many

foud parents who, on the slightest pretext, seek for leave during term time, and who

shew no compunction in extending leave that has already been granted. I would

remark that each separate absence from

class work handicaps a boy in his studies,

which necessarily fall in arrears; and an

absence extending over a week or ten

days, even in the case of boys exceptionally

endowed, seriously endangers his position in class. At the risk of being considered

parents and guardians the need for constant regularity. Our holidays are sufficiently long, and they should not be

added to by unnecessary absences at any time. Once term begins, a boy's mind

should not be allowed to be distracted by

family or friendly festivities, he should be

rupted by social calls and claims. School

C. M. S. TRAINING COLLEGE AT CANTON.

the school masters needed for our educat-We have received the twelfth annual A. F. VAN REES, Agen's. ional system. We have till recently had report of the U.M.S., South China Mission, three junior boarding schools, one at which deals with the work carried on at the Training College, Canton. Extracts from Pakhoi, one at Capton and one at Shiuh ng the report, which have been written by the The Inst has been closed on the acciety THE CHARTERED BANK OF INDIA. the two constituent parts of the College, have passed through the high school. The ...£1,200,000 The students dass was conducted, during prescribed in the Chinese Government INTEREST allowed on Current Account at the rate of 2 % per annum on the Daily £1,500,000 given by the fact that the C.M.S. had accepted the Bishop of Victoria's offer to provide (in 1912) accommodation for their Training College in a new building which he was about to erect at Shek Paal, the first station out of Canton on the Kowloon -Canton line. It was decided therefore that the colle e should move to Canton rather than remain in Ho gkong. length a large new Chinese house was offered and we moved into it on Feb. 17th. Kota Bahru, Kelantan. We were a very small party indeed; four students, four boys, the Chinese classical Kuala Lumpur, F.M.S. master and myself. There are now four masters. The students' class consisted of

are so great that we are very rarely able

principal, Rev. G. A. Bunbury, state: \_\_ abandoning the station (one of several The college has at length completed its rememberents caused by the condition of migration from Hongkong to Carton. The C.M.S. funds). The other two boarding word "completed", is used advisedly, for schools are staffed with young masters who the students' class and the Boys' High studies in the high school and its attached School, did not move at the same time. junior schools follow generally the course my furlough in 1910, by the Rev P. Jenkius code. This code provides a Western at Ha Fong Tsuen, Canton, while the Boys' education in the vernacular, together with High School continued during that year the teaching, as a subject, of a foreign under the care of the Rev. A. D. Stewart language. To this we add one hour's in St Paul's College, Hongkong, where it religious instruction each day, exclusive of was started so long ago as 1900. On the chapel services and voluntary meetings my return to Hongkong in February last, held by the boys among themselves. the question had at once to be faced of With reference to athletics the report the location of the Training College. states:-"In the second half year we were was rendered urgent by the fact able to obtain a piece of ground through that the buildings of St. Paul's College the kindn as of Mr F. Grove, manager of were required for other purposes... An in- the Canton railway (Chinese section), but dication of the direction in which it was scarcely had we begun football and tennis advisable to seek a temporary home was on it, than the revolution broke out, and boys and students went away for a time The Canton junior school has existed for several years and has sent in iny boys, to th high school... The junior school has a present thirty-five boys varying in ag from nine to fifteen years. It also provide at the beginning of the year, th greater part of the lower class in the high school. The boys are all th sons of country Christians. This school situated near the Admiralty, close to th river and the new bund. It is in the centre of the district where "the revolution has been and is being teen high school boys and three classical fought out. With regard to the revolution in Cantor the principal's report add seven men. All the bishops of various | "I am glad to say that we have had disband the schools only once for ten da regions in the East have to consider the at a time when street fighting seem evangelization of their Chinese visitors and it is from this college only, at present, that they can obtain trained Chinese evangelists. Our needs in Hongkong and South China

The new-diocesan college is being bu on rising ground, near the railway, abo five miles east if Cant n. The site w and Shares bought and sold on account of to send one of our own men abroad, but purchased, and the buildings are being constituents. Letters of Credit granted on we welcome and make special provision for Chinese visitors from abroad. Hence it was erected by the Bishop from a grant made with-great pleasure that we welcomed Mr to the diocess by the Pan-Anglican fund As meditioned above, an agreement h been made between the Bishop and the Jabuan, who will on his return home. C.M S. whereby the Society's traini admitted to Doccon's Orders. colle e occupies his buildings and becom The year has been memorable because it the diocesan training college for Chine has seen the first ordination of a student of the College. On All Saints Day in St. W. rkers. The new college is at prese Paul's Church, Hongkong, Bishop Lander quite in the country, about a halt from station, but it is probable that, owing the railway, the city will sprend rapidly this direction. The report conclude "The income of the college has never be ve y large, norit pupils v zy numerous, l supporters have always been found, and is believed that its work is valued by parents of the boys, as is proved by the nature supply. During the whole twelvers no student or boy has died in the college. In a city where plague is regular annual visitant, we have nover had a case. The troubles of 1900 left unscithed, and we bolieve that we al weather the present difficulties wise. the aphere . f.the school itself, we can I back upon a series of carnest teachers, a a succession of high-principled prefects

Storekeepers.

Pang of Hain Allagtung. The righteous army of the Republic. has been forced to take up arms to secure the happiness of the people and lately we are negotiating with Yuar Shih-kai about mensures for the abdication of the Emperor of Ching Dynasty and it has been dulyarranged but only a minority of the Manchu princes is opposing and gives trouble against Yuan Shih-kai and thus the crisis has come. The south and the north are both of one family and there is no reason to allow the personal interest of a few to cause us to shed our blood. The Republican Government is simply aiming to establish a Republic so as to save brethren from sufferings and nothing else. The affairs of the state desire to attend to with you all. Today General Tunh sent in a a memorial jointly with you asking for the adoption of the Republican form of Government by which we can see the Chinese brethren are united in one mind in this cause without suspicion. To make an enem triend there is a good chance to-day. Please consider this carefully and you will follow our view it will be

chow (North Anliwei) and General

quite fortunate. Sun Wen, the Provisional President of the Republic of China.

Hui-chi, High Commissioner Defence in Chilli and Shantung replied the following day:

To President Sun, Tuan's memorial I luve also recognised and I do not obstinately stick to my own personal view. However since the uprising at Wuhan districts the merchants and people! have suffered a great deal and the local people have been much injured, which is really lamentable. It is necessary to effect proper political reforms with proper political ideas. There are many who simply use the good name but engage in Tooting and plunder. Such persons are men of no use and it is quite regrettable. You are a man of intelligence and people are depending on your and respecting you. It is necessary to carefully consider alout the position of our people, their learning and intellect | this morning will be found on page 4 and then suitable measures can be applied or it is no good. I consider that in China it is easy to overthrow the Ching Dynasty and its government but it is difficult to suppress disturbances and it is more difficult to resist foreign powers. Therefore if we are not careful we may see the break-up of China. You have returned from abroad for the sake of our brethren to give them happiness. If you saw any sign of the break-up of China you would never have taken up such a course. If the fighting continues tle disaster will become chronic and - if a day's delay be allowed it is not merchants but foreign merchants will the British Museum for many years are suffer heavily and then it is quite be removed to America shortly. clear that there will follow foreign

intervention, which is more dangerous than anything else . Therefore it is to the affect that the Admiralty intend much better to use your voice to effect the equality of Manchus and Chinese without any distinction and to use the here. hands of Yuan Shih-kai to attend to suppress any danger. You say to save our people from sufferings. I am one of the people of this country and I do know the most urgent matter at ] this moment is to save the people and is a record. I have no other motive. Really the sufferings of the people I cannot bear to see. Please understand my feel Please see the points of my views. You know how Yuan is suffering. Please consider a good

measure and let me know, etc. The sentiments expressed in these THE situation in China does not become any clearer with the passage of such noble motives cannot arrange a time. YUAN SHIH-KAI is still acting definite peace and so bring about in some practical fushion a solution of enjoyable time was spect. SEE continues to send forth copious | the Chinese problem. #### Football.

SCOUTH" VOLUNTERE COMPANY TO H.M.S. MINOTAUR.

This much was played on the Club ground on Wednesday evening and resulted in a pointless draw. For some time neither goal was threatened, the ball hevering anywhere hat in the region of either net. Nothing really dangerous was done till Apps found himself face to face with the goulkeeper, Aleon doing well to fist away The Mayoress of Bellast appeals to a hot shot. The naval men then asserted superiority for a time and made vigorous Protestant women to help in keeping attempts to score. On one or two occasions they were a trifle unlucky. Rigden made a poor attempt from a good position. Towards the interval the Minetaur forwards put in some effective play and forced several corners but nothing tangible accrued. Early in the second moiety the Scouts gon keeper did remarkably well to keep the Navy out, twice saving dangerous high stots. Blaker broke loose on the left but finished up badly. The naval a ovements were perhaps rather more jeogardising than those of the Scouts, but faulty shooting marred some good openings, Shackleford missing very badly once or twice. The navy indulged in some nent play in millield, but when it came to shooting they were work and innourrate, several good apportunities being thrown auny. The Souts at times made some The indisposition proves to be slight threatening breaks away. Moon played a most useful game for them. The teams were: Scouts: Moon; Jours and Long;

Camplee, Weall and Gill; Miskin, Eisher,

Brister, Rigden and Blaker. H.M.S.

Minotage: High: Carlide and Steer

Constintine, Wright and Petrick; Bue,

The final games between 87 h Company 3.G.A. and the Dockyard Police were played on Wednesday night, resulting in a win for the ornier team by 195 points. The first to meet were Bombardier Masterman and Mr Smith, the latter winning by 79. Breaks of 22.10 (twice), 20,12 and 14 were made by Mr Smith, and two 15's and a 12 were the best efforts of his opponent.

In the second game, played between Gunner Bridgester and Mr Cross, the former was in great form, beating his rival, after only three quarters of an hour's play, by the comfortable margin of 156 points, his chief breaks being 10, 22, 16, 13, 11, 29, 87 Coy. R.G.A.
